## BRITISH CRUISER AUDACIOUS STRIKES MINE OFF COAST OF IRELAND AND GOES TO BOTTOM

Rumors of Loss of Dreadnought are Confirmed.

### MOST OF THE CREW TAKEN OFF

Magnificent Dreadnought, Only in the Service Two Years. Constitutes the Most Serious Single Naval Loss the English Have Suffered in the War.

By Associated Press.  
NEW YORK, Nov. 14.—(Herald)—The British superdreadnought Audacious, which has been reported ever since the White Star liner Olympic departed for her cruise, arrived at Lough Swilly on October 29, are confirmed in full advice received today by the Associated Press from a point in Ireland.

After a career of less than two years the Audacious of the King George V class, third in tonnage and armament of his majesty's warships, lies at the bottom of the ocean off the north coast of Ireland. She was hit by a torpedo or disabled by a mine just before 9 o'clock on the morning of October 27.

With the possible exception of one or two men, the whole crew of 900 officers and men were rescued by small boats from the Olympic.

The rescue was made in a rough sea through brilliant and driving rain.

The battleship's cry for assistance was caught by the wireless operator of the Olympic, which was only about 10 miles distant.

The crippled battleship was reached few minutes after 9 o'clock and before noon all but 100 of her men had been transferred.

At that time the battleship had a disabled list of 100 men, but had received her wound. Two of her engines were unharmed but the one aft was out of commission.

After taking off all the officers and crew who could leave the ship, the captain, Lord Hood, of the Olympic turned his attention to an attempt to save the warship. A cable was given her, but it snapped as it tightened.

Meanwhile, the battleship began to move and it was soon apparent that it would be impossible to tow the ship or keep her afloat.

The cruiser Liverpool and several other warships which had come up to assist her, left her in the afternoon to be towed to a safe anchorage.

The fleet of rescue ships continued to stand by, however, until 9 o'clock that evening when a terrible explosion occurred on board the Audacious.

The explosion is supposed to have been caused by shells not being fired by the ship. A big explosion struck the deck of the Liverpool, cutting the loss from a gunner. The ship died in a short time.

The destruction of the Audacious is the most serious single loss sustained by the British navy since the opening of hostilities.

to counter anything in the nature of a positive success gained at either end of Germany's commanding superiority in numbers in the earlier stages of the war made progress of her forces easy and effective.

For the moment Berlin, according to English opinion, appears to regard the Russian advance as of paramount importance and the transfer of troops to that front has its repercussions on the Belgian battlefield.

The allies, however, are finding the German defensive as stubborn and difficult to penetrate as the German offensive. The British and French during the recent deadly but futile efforts around Ypres.

GERMAN ATTACK ON NEUFORT BRIDGE FAILS  
By Associated Press.  
PARIS, Nov. 14.—The French official communication this afternoon says that a German attack against the bridge at Neufort resulted in failure and that movements of the enemy near Ypres were checked. The communication follows:

"In Belgium, a German attack against the head of the bridge of Neufort failed and various efforts at offensive movement on the part of the enemy in the region to the east and south of Ypres were checked. In the environs of Bieschoote we have progressed one kilometer to the east."

"In the canal of the La Bassee and Arras we made minor progress. In the region of Landrethun and in the vicinity of Abbeville as far as Derry-au-Bac, the Germans attacked without success. In the Artois fighting has recommenced with greater spirit. The enemy tried in vain to capture Four-les-Loyes and St. Hubert."

"Particularly in the vicinity of Verdun partial offensive movement by the enemy were checked by the fire of our artillery before the forward movement of the enemy's infantry could be begun. In the Woerthe district and in Lorain where bad weather prevails there is nothing to report."

CONFLICTING CLAIMS MADE BY RUSSIANS AND TURKS  
By Associated Press.  
LONDON, Nov. 14.—The usual absolutely contradictory reports come from the scenes of the Russo-Turkish battles.

The Russian report steadily progresses since the end of September of 1914, while the Turkish claim that the Russian armies have been pushed back across the border with heavy losses.

FORCED TO SIGN AWAY LIVES OF FOREIGNERS  
By Associated Press.  
LONDON, Nov. 14.—A dispatch from Cairo, Egypt, dated Friday, says:

"The British and French consuls from Damascus and Aleppo who reached Cairo with American insistence, asserted that before being allowed to leave they were obliged to sign a document agreeing in the event of an attack by the allies on the Syrian ports to the shooting of three British, French or Russian residents for every Turk killed."

AMERICANS LIBERAL IN AIDING THE BRITONS  
By Associated Press.  
LONDON, Nov. 14.—Americans have been liberal in response to Queen Mary's appeal for 300,000 pairs of socks and belts for the soldiers at the front.

Through Lady Arthur Paget, who is prominent in the relief work in behalf of the soldiers, the need of a fund for the supply of these articles was brought to the attention of the American women.

XSAS SHIP SAILS WITH 82 CARLOADS OF GIFTS.  
By Associated Press.  
NEW YORK, Nov. 14.—With more than 1,200 tons of Christmas gifts from Americans, a Santa Claus ship, the L. A. C. Collier, sailed today for Europe. A message of Godspeed from President Wilson was received by Lieutenant Commander C. S. Courtney, U. S. N., shortly before sailing.

The decks of the ship are loaded with boxes with thousands of school children. The gifts carried were gathered from every state in the union. They included almost everything from toys and dolls to clothing and food. A summary of the cargo showed the following:

Forty-five tons of children's clothing, five tons of women's clothing, one hundred of men's clothing, five tons of toys and 57 carloads of miscellaneous presents, foodstuffs, books, shoes, etc., a total of 82 carloads. The ship will call first at Plymouth where the gifts for England, France and Belgium will be distributed, then she will proceed to Rotterdam where gifts for Holland and Germany will be distributed. At a later date another contingent will go for Russia.

## SOCIETY WOMEN MEET TODAY TO TALK BELGIAN RELIEF

Will Discuss Progress They Have Made Toward Big Relief Fund

Society women from Connellsville and surrounding towns who are interested in themselves in the efforts to raise a relief fund for the benefit of the stricken Belgians are meeting this afternoon at the home of Mrs. James Asa Childs, general chairman of the relief committee, for the purpose of discussing the progress that has been made towards the benefit card party to be held in the armory next Wednesday afternoon.

Reports indicate that the women of both Mount Pleasant and Scotland with cheerful spirit are bringing them here Wednesday. It is said that the sale of tickets has far exceeded expectations.

## PATRONESSES NAMED BY MT. PLEASANT WORKERS Special to The Courier.

MOUNT PLEASANT, Nov. 14.—Great interest is being manifested in the card party to be given in Connellsville for the Belgian relief fund, the ladies who will be patronesses of the affair are Mrs. M. W. Horner, Mrs. Dan Weaver, Mrs. William Rasmussen, Mrs. Robert Rasmussen, Mrs. Myer Foster, Mrs. John Bowman, Mrs. Charles Foster, Mrs. Eugene Warden, Mrs. Miller, Mrs. Kolacker, Mrs. Lawrence Pfundt, Mrs. Richard Gores, Mrs. N. A. Cort, Mrs. John Madden, Mrs. Virginia Hood, Mrs. J. D. Hinchman, Mrs. J. S. Alldin, Misses Janice Hinchman, Arden, Mrs. Edna Bryce, Irene Hinchman, Adelaide Ramsey and Elizabeth Bradford.

Tickets for next Wednesday's card party can be obtained from any of the ladies or at Bowman's drug store. The ladies have organized a special West Penn fair which will run at Connellsville for the affair. Through the kindness of Manager Harry Morrison of the Grand Opera House and James Cox of the Cox Theatre, an announcement of the party is being thrown on the moving picture screen. There will be prizes at each table. Those prizes are being donated and the local ladies expect to donate their share.

## 2,000 PERSONS HERE HAVE RELATIVES IN GERMAN ARMY

Minister Declares That Few Realize How Close Home the Conflict Abroad Has Come.

That there are 2,000 persons in Connellsville and immediate vicinity who have relatives fighting in the German army, is the statement of Rev. E. L. Hughes, pastor of Trinity Lutheran Church. In his rounds among his congregation Rev. Hughes, perhaps more than any one else, has brought home to him how very close the front is to the west coast here, and how vitally it affects local residents.

To have practically all of their male relatives in the Fatherland fighting in the great struggle, and to know nothing of their fate, is the experience of some families here. The scant information that percolates from Germany is eagerly devoured by these people, but it brings them no news of their own, for many of the families in the old country are unable to find out whether their men folk are alive or have perished in the constant fighting.

One instance of this is given in a letter received by Mrs. Joseph Arzmann of South Connellsville, whose sister writes that of 50 male members of the Lohs family, no word has been received of any of them since they marched away to the front.

Mrs. Klond of the West Side has 20 relatives on the battle line in the vicinity of Cambrai, which has been prominently in the war dispatches recently.

## GO TO FUNERALS

Local Persons Summoned by Death of Aunt, Runaway Victim

John W. McDonald, superintendent of the Lohs family, and Mrs. M. W. McDonald, his wife, were called by the death of their aunt, Mrs. Slatyman, which resulted from injuries suffered while on a visit to her daughter, Mrs. J. F. Slatyman, of Winchester, Virginia, hospital where she died.

The report that her sister, Mrs. Slatyman, died of this illness, was not true. While her injuries are not serious, she has a number of painful bruises and is suffering from the shock. Since her return home she has been under the care of a physician who advised her not to attend the funeral. Mrs. Slatyman resided at Highgate.

Silk Stockings Here Unfolding. Helen McCracken, clerk in the post-office, yesterday was indicted by the federal grand jury on a charge of having extorted from a parcel post package a pair of black silk stockings and a handkerchief.

She pleaded not guilty and was admitted to bail.

Smith an Official. B. E. Smith of the high school went to Greensburg this morning to officiate at the funeral of a Greensburg-Johnstown game this afternoon.

State Road Open. A new stretch of state road, east of Lockwood was thrown open to traffic this week. It is 10 feet wide and 5,000 feet long.

## DUNBAR YOUTH IS DYING FROM SELF INFLICTED WOUND

Edward Devany Shoots Himself in the Woods at Greenbrier.

## WALKS TO NEIGHBORING HOME

Tells Them What He Had Done and Where He Left Rifle; Believed to Be Dying From Wound in the Leg; Love for Girl Said to be the Cause.

Edward Devany, 26 years old, shot himself with a rifle into yesterday afternoon while in the woods at Greenbrier, in the mountains back of Dunbar, and after inflicting what is believed to be a mortal wound, he walked some distance to the home of Jacob Gummerson, where he told members of that family what he had done. He also told them where to find the rifle.

Medical assistance was at once summoned and it was found that the bullet had missed the heart, but had penetrated the left lung, where it is still lodged. Dr. B. J. Gule dressed the injury and this afternoon the young man was removed to the Cottage State Hospital. Little hope is entertained for his recovery.

Devany lived at Greenbrier. He was an orphan and unmarried, having been raised by a family in the mountains. The cause of his act was not definitely known, but it was said in Dunbar that it was over a girl, whether or not this is correct could not be ascertained.

The weapon was found in the woods, several hundred yards from the Gummerson home, and where Devany told the Gummersons he had left it. With a bullet wound in his chest, he had walked that distance.

No one in the vicinity heard the shot, which was from a .22 caliber rifle. Such weapons make little noise when they are discharged. The first the Gummersons knew of the accident was when Devany stumbled into their home, and told them that he had shot himself.

## 14 KILLED A DAY

That is Toll for Failure to Enact Trenches Law.

CHICAGO, Nov. 14.—(Herald)—The nation kill 5,568 persons annually, an average of 31 every day because of the failure to enact the trenches law on railroad tracks. R. C. Richards, general agent of the Chicago & Northwestern railroad told delegates attending the eighth conference of the National Economic Society here today.

His address was on "Railway Accidents and Safety First."

"I think it is conservative to say that it would cost the states, counties and municipalities less in enact and enforce trenches laws than it does to pick up and bury the dead, hold inquests on the bodies and care for the cripples," Mr. Richards said.

## SOMETHING ALWAYS HAPPENS

Every Time Ed. McCullough Comes to Town It Means Trouble.

Something happens every time Edward McCullough, of Fairchance, comes to Connellsville. To be sure, Edward does not honor the city with his presence often, for according to his statement to the mayor today, his last visit was some 35 years ago on the occasion of the shooting of John McRobb by Jeff Lowe of Dunbar.

The radical changes that have been wrought in Connellsville in 35 years so far as McCullough that he celebrated them by getting drunk. The mayor discharged him.

## ROUTS OUT ALDERMAN.

Justice Munk Serves Notice to Wardman to Leave Town.

Alderman Munk was called out of bed twice last night by a woman who insisted upon his coming down and swearing out a warrant for the arrest of a man on a serious charge. After getting out the warrant and securing a constable to serve it, the woman and a conference with the man and his attorney, and as a result she consented to withdraw prosecution.

It was 11 o'clock when the magistrate was first called out of bed. Two hours later, he was again called out by repeated telephone calls and another warrant was sworn out.

In order that it might not be delayed in the Ashman avenue work, the city purchased a tamping machine at a cost of \$100. The decision of the water company to do this work will mean \$100 expended needlessly by the city.

It is hoped that it will come in handy in the event that the water company is delinquent again.

New Billboards Erected. Two new billboards have been erected by the Robbins Billposting company on the east side of the Wehr building. They will be illuminated by a border of electric lights and used for the display of moving picture posters and other theatrical advertising matter.

## BIBLE CONFERENCE WILL BECOME ANNUAL FEATURE

Session Comes to a Successful Close in the Baptist Church With Address by Dr. Camden M. Coburn.

At the closing conference of the Bible Institute in the Baptist Church last night, it was unanimously decided to have another institute next year. For a rising vote, those who attended last night signified their desire for another series of these lectures and 225 pledges for tickets were returned.

There were 255 season tickets for the institute sold at \$1 each, and of these 225 were returned with the names of the owners, pledging themselves for tickets next year. This represents practically all of this year's purchasers, for the 30 tickets difference is attributed to those who bought season tickets. A balance of about \$35 is in the hands of the committee as a foundation for next year's institute.

The lecture of Dr. Camden M. Coburn, one of the world's foremost archaeologists, last night, was generally declared to be the best of the week's program, though some of the finest orators of the country appeared here. In recounting the results of his researches in Biblical lands was extremely interesting and instructive.

A large part of Dr. Coburn's address was devoted to descriptions of a recent visit to Kadesh Barnea, a tiny oasis in the desert of Sinai, where, according to the Bible, Moses smote the rock which gushed forth streams of fresh water. This stream is still flowing and the tiny oasis is a garden spot, but for many miles around the rest of the rest of the country is a desert.

Dr. Coburn's talk in a dangerous undertaking. Only five parties have explored it in 500 years and only two in the last 200 years. Dr. Coburn was a member of one of the latter. The Hebrews regard the oasis as a sacred place and recent attempts by our party to visit it. Hence it was only because his party was mounted on camels and could outrun the camel men that they were able to escape. The remains of two caravans that had apparently lost their way in the desert were found by Dr. Coburn's party.

Dr. Coburn has been back about a year from his last trip to the Holy Land, at that time he spent three years there.

## NERVY COP FOILS EFFORT TO BLOW UP WHITMAN

Snuffs Out Bombs of Fugitive, Machine Found in Tomb Courtroom.

NEW YORK, Nov. 14.—A bomb, somewhat similar in construction to the one that wrecked the entrance to the Bronx county courthouse last Wednesday night, was found today in the tomb courtroom just under the district attorney's offices occupied by Governor-elect Whitman. The room was crowded.

The bomb contained gunpowder, slugs and bullets. Its fuse was partly burned. George L. O'Connor, a policeman, saw smoke from the burning fuse of the bomb, ran to the spot and snuffed out the fuse. He then carried the bomb from the courtroom. Four men were sitting on the bench in the rear of the courtroom where the bomb was found.

The bomb contained explosive enough, it was estimated, to have wrecked the building.

As O'Connor stripped the sputtering fuse from the bomb the courtroom as thrown into an uproar. About 50 persons were in the room waiting the arrival of Magistrate Campbell to open court. It is believed that his arrival was the signal to fire the fuse. Examination showed the bomb was made of a five-pound can filled with gun-cotton, slugs and bullets. It was wrapped in a Jewish daily newspaper. The police believe that the bomb was left by the same band of anarchists that fired the bombs Wednesday night at the Bronx county courthouse, and last month exploded a bomb in St. Patrick's church at the Church of St. Alphonsus. The police recall that W. W. W.'s entered the latter church during their demonstrations last year as a result of which Wannebaum was sent to jail.

## WATER COMPANY YIELDS

Prompt to Make Connections When City Threatens to Act.

The Connellsville Water Company today began to make service connections to the main on Ashman avenue. This is believed to be done as a result of the visit of J. E. Purdy, head of the company, to Connellsville yesterday to investigate the controversy between the city and the company.

In order that it might not be delayed in the Ashman avenue work, the city purchased a tamping machine at a cost of \$100. The decision of the water company to do this work will mean \$100 expended needlessly by the city.

It is hoped that it will come in handy in the event that the water company is delinquent again.

**ROGUE'S 85 BILLS**

Pittsburg Stores are Flooded With Spurious Money.

Word has been received that Pittsburg stores were flooded yesterday with bogus \$5 bills, and merchants were warned to be on the lookout. It is said that practically every store in Pittsburg received one or more of the bad bills.

The counterfeit money is almost an exact counterpart of the \$5 bill, the new \$1 bills being raised by reprinting.

In the warning sent out, it is stated that the bogus bills can be detected rather easily owing to the fact that the "five" on the upper left hand side of the bill is too close to the edge.

## It Seems That Our Suits and Overcoats at \$15 are In Greater Demand Than Ever Before.

For today's choice, some new suits and overcoats have been added to stock. The price is \$15 each. This season our moderate-priced men's clothing has nearly all the style-touches heretofore exclusive to more costly apparel. We don't claim the same cloth goodness, nor the same expert tailoring, but we do say that our \$15 suits and overcoats are good-looking and well-wearing, and ahead of the usual traits common to most \$15 clothes.

The overcoats here at \$15 are dress-style or loose; collars are military, shawl, convertible or notch; sleeves are Derby, Baglan or Kimona. Coat lengths vary, some are full-lined; some of the coats are rain-proof. Textures are ALL-WOOL, pre-shrunk, lightweight or heavy, solid color or mixed. Most of the textures are rough-wear. The coats are fashionable, comfortable, long-wearing and quality-perfect.

Our \$15 suits are all-wool, well-tailored, perfect-fitting and very stylish. Models are English-effect—suing, un-padded, patch-pocketed and snappy; or semi-form-fitting, roomy, dignified and conservative. Textures are winter-weight, but not heavy; plain of pattern, or striped, checked, mixed. Have Tartan checks—a mingling of odd colors—equal in beauty, to the highest priced suits; and the tailor-work keeps them shapely and good-looking. Sizes are for all men.

## department of women's dress NEWSY NOTES OF NEWLY DISPLAYED WEARABLES

—With new coats constantly coming in to stock, women can make the best selection here. The last shipment brought winter-weight wraps of unusual beauty, and they show some brand new style-ideas in cut and weave and pattern.

Prices are moderate—as little as \$10 buys an excellent coat, women's size, and we have some still lower in price. The assortment at \$25 is very complete right now.

—The prettiest suits the store ever owned are brand new, and on display today.

—Before you spend good money for so-called special suits elsewhere, come here and see what the amount you want to spend will buy.

Our quality is the highest order, and our prices are lowest-in-town for sound, stylish apparel; and you can buy a good suit here for as little as anywhere.

—Lovely dresses of silk, chiffon, net and lace are very fashionable, and lower priced than we've ever seen for equally good dresses. These are for party, dance and reception wear, and for day wear use.

—Warm night gowns of plain white flannellette are 85c, \$1, 1.25; and a better quality, white or white, color-striped—1.50.

—Women's pajamas, white with colored stripes, 1.50.

—Night gowns for children 2 to 14 years old, are 25c, 50c and 59c.

—Children's sleepers 2 to 10 year sizes—25c and 50c.
